

About the Fair

5-8th grade students from across the Monadnock Region will be presenting their Science, Technology, Engineering and Math projects in a regional fair.

Congratulations to our region's next generation of STEM professionals. Come back next year!

Come and see their exciting work and encourage these 21st century learners!

About the Expo

A showcase of local STEM educational opportunities, research, and organizations.

All are welcome!

Who will be there?

- Court Street Veterinary Hospital
- Keene Physical Therapy in Sports Medicine
- Green Energy Options
- Timken
- Millipore Sigma
- Abtech
- KSC Kids on Campus including the GO STEM team
- Keene Public Library highlighting their STEM opportunities.
- Scientists from Keene State College with exciting research.

Our Mission

The mission of the Keene State College STEM Fair is to raise excitement and interest in science, technology, engineering and math in 5th – 8th graders from the Monadnock region by engaging them in a meaningful project shared with their community.

We aim to grow this STEM Fair into an important regional event that can help our middle and high school students compete at the State and National fairs.
