

**MRS. ACOSTA'S
THIRD AND FOURTH GRADE NEWS**

(April 12 – 19, 2019)

The boys and girls did a great job last Thursday evening playing their recorders together. I would like to thank Mrs. Hartman for all the hard work she does for our music program here at Trinity. Also, thank you, parents for reminding and encouraging your child to practice their recorder music. To get better at something, we all need to practice it.

In Bible we have been learning about the Sacraments, how we hear and talk with God, and how we live for Christ. The students are learning to put their faith into action and why we believe what we believe. We are saved by grace, Scripture, faith, and Christ alone. This Sunday is Palm Sunday.

During Language Arts the third graders read ***The House on Maple Street***. The fourth graders read ***Wonders of the Night Sky*** and ***How Rainbows Work***. The students are learning about subject/verb agreement, pronouns, and past, present, and future verb tenses. The students are continuing to write their folk tales.

In Science we are finishing up our unit on matter. We will begin a new unit on force and motion. In Social Studies we are finishing up our unit on the 5 regions of the United States, and we will be learning about the Earth's resources.

I usually wait until after Easter to have our Easter celebration, but due to spring break, I would like to celebrate the Resurrection of our Savior on Thursday, April 18. I will send home an email asking for refreshments.

Remember, I am always happy to meet with you to discuss your child's progress in third/fourth grade. Let me know if you would like to meet.

Next week the accreditation team will be at our school. A lot of work has gone into preparing for this visit. Please pray for the committee members and our school. Let me know if you have any questions regarding the team's visit.

Enjoy your weekend!

In His Service,
Debbie Acosta
