

Cobb's Kinder Corner

March 4, 2020

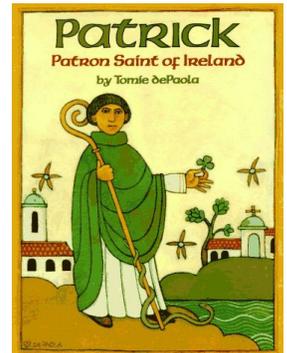

I hope your families had a wonderful break from school, whether you traveled or spent time at home. I give sincere thanks to you who helped with the auction and talent show, the money raised is a blessing to all the students and teachers in our school.

I hope your children shared with you, our outdoor school experience on the Friday before vacation. We had a wonderful time working with literature as we took our dogs sledding, built a snow fort, fed the birds and built a snowman.

Yesterday, I felt a shift in our class, I could see the children turning into first graders right before my eyes. Their self-control, ability to tackle challenges and progress in reading, writing and math have taken a giant leap. It is always very exciting for me to see this, I'm so proud of them.

Some special things we are talking about in March:

- the miracles of Jesus
- who the Trinity is
- St. Patrick and how he shared his faith
- the rain forest and its wonderful plants and creatures
- money
- leprechauns (just because they are fun)
- Dr. Seuss

I have been sharing *Accelerated Reader*® books with many families. If you are interested in borrowing some, just let me know. When you get the book home, please have your child read as much as they can with your help. Then, the book comes back the next day, and they will take an AR comprehension test. When the test is over, they collect points depending on how well they have done. They are working hard to collect these points.

I will be offering parent conferences the last first week in April, the signup sheet is coming soon.

As we move into spring and the weather becomes even more unpredictable please continue to send warm clothing. You have been a great group of parents for sending in snow clothes! I appreciate it! (So do your children) Outdoor school will return with warmer weather. Keep your eyes open for rain boots; it's very muddy in the beginning and sneakers take a beating.

Little Happies

- We are working on memorizing 1 John 4:7.
"Friends, let us love one another, for love comes from God."
One of my students was very excited because she said her mom said that verse to her family all the time.
- Yesterday, I was informed that the tooth fairy is Mom and Dad; however, Leprechauns are real.
It reminds me once again; we learn
"everything we need to know in Kindergarten".

In His love,
Mrs. Cobb
