River by Bill Stains

<https://safeYouTube.net/w/YRw2>

Lyrics for River-

I was born in the path of the winter wind
I was raised where the mountains are old
Their springtime waters came dancing down
And I remember the tales they told
The whistling ways of my younger days
Too quickly have faded on by
But all of their memories linger on
Like the light in a fading sky

River, take me along
In your sunshine, sing me a song
Ever moving, and winding and free;
You rolling old river, you changing old river
Let's you and me, river, run down to the sea

I've been to the city and back again
I've been moved by some things that I've learned;
Met a lot of good people and I've called them friends
Felt the change when the seasons turned
I've heard all the songs that the children sing
And listened to love's melodies;
I've felt my own music within me rise
Like the wind in the autumn trees

River, take me along
In your sunshine, sing me a song
Ever moving, and winding and free;
You rolling old river, you changing old river
Let's you and me, river, run down to the sea

Non-Technology Lessons

Create a Musical Instrument-see attached information and adapt for youngers as needed (youngers K-1 just experience it!)

Create your own kitchen band (with an adult's permission, of course!) Play along to some music. Experiment with your instrument.

- a. Can you play it loud and soft?
- b. Can you play it in more than one way?
- c. Can you move around the room while playing it or do you need to stand still?
- d. If you have another person, play stop and go! One person along to then music while the other person directs to stop playing and then to play again! Switch roles.

See if you can trick the other person.

3. Make a list of music: Take a few hours or even a day and make a list of everywhere you hear music.

- a. Title your list Music is Everywhere.

1. Answer these questions: What types of music did you hear? Were you surprised to hear music in any specific places? What kind of music do you notice outside? Be prepared to discuss what you discovered when you return to class.

4. Interview an adult about music! Title your paper. Ask them some questions about music when they were growing up. Take notes and be ready to share with our class. Here are some sample questions to ask:

- a. Do you have a favorite song as a kid?
- b. Did you have a favorite singer/band growing up? Who was it? What was your favorite song?
- c. How did you listen to music when you were a kid?
- d. Did you have music in school? Do you remember what kind of songs you sang? Did you play games? Did you dance or play instruments? Did you jump rope and say rhymes or do hand clapping games? Did you like music class? Why or why not?

5. Listen and Respond. Using either the K-3 Primary Listening worksheet or the 4th and up Music Listening Worksheet Level Two complete the sheet as you listen. Have an adult help you find a piece without words and listen to it. Follow the instructions on your listening sheet. Make sure to put your name, date and title on your piece. See link below-

6. Composer Project-Chose a composer (if you can access the online listening links there are tabs to choose a composer). Read, research a composer and follow the directions in the link for the computer project. Download and print materials to complete here:

https://drive.google.com/open?id=1XuCerBwZoWQeW86MXaLRml5H4B_NAbq

7. **Read A Book About Music** and write a story review on a sheet included with the Music QR Code Read aloud. Just download and print from the link below.

Instrumental Students: I expect you to download the Interactive Software program with the link in the back of your book. Practice your assignment and then move on to the next 5-6 lines. You can do this! I will be available to answer questions on-line. I will post my office hours or you can set up a time to meet online. I am working to see if there will be a way for you to play/record and send me your test (star) lines. It is possible to do it through the software but I need to make sure we have permission to do it that way or perhaps some other way.

Please contact Ellis music directly for any needed supplies. They will mail them directly to you!
