Dear Parents,

We have a new project about needs and wants. Please have your child use a poster board and place pictures of needs and wants. Please put the needs on one side and wants on the other side. Please have your child make a paragraph (3 sentences or more) describing why they chose those things as needs and another paragraph talking about what they chose for wants. I would like one more paragraph where they talk about what the difference is between needs and wants. Total there will be a labeled poster similar to what you see below and a paper with three paragraphs. This project will be due on **December 18th**. Please let me know if you have any questions.
