

Cobb's Corner

March 1, 2021

I hope your families had a wonderful break from school! I heard great stories about sledding, ice skating, bowling, hockey, snow forts, visits with Grandmas, sleep overs in different rooms of the house, pie baking, prepping walls to paint, screen time, etc. It occurred to me that this is the first time I haven't heard about Disney or airplanes on vacation. I'm sure it's because of COVID; however, I wish you could have seen how excited your kids were to play with you!

Some special things we are talking about in March:

- The miracles of Jesus
- who the Trinity is
- St. Patrick and how he shared his faith
- The rain forest, its wonderful plants and creatures
- Numbers 11-20
- Leprechauns (just because they are fun)
- Dr. Seuss

I have been sharing AR books with many families, if you are interested in borrowing some just let me know. When you get the book home please have your child read as

much as they can with your help. Then, the book comes back the next day and they will take an AR comprehension test. When the test is over they collect points depending on how well they have done. They are working hard to collect these points.

I will be offering parent conferences after the quarter ends, probably the first week of April. The signup sheet is coming.

As we move into spring and the weather becomes even more unpredictable please continue to send warm clothing. You have been a great group of parents for sending in snow clothes! I appreciate it! (So do your children) This is the first year I have kept outdoor school going strong through the winter and they absolutely love it. Some days they are so tired coming back in I feel like I may have to pile them all on a sled and pull them in!

Little happies

- We are working on memorizing 1 John 4:7. "Friends, let us love one another, for love comes from God." One of my students was very excited because she said her Mom said that verse to her family all the time.

- Yesterday I was informed that the tooth fairy is Mom and Dad, however.... Leprechauns are real. It only goes to show me once again, you learn **"Everything you Need to Know in Kindergarten"**.

In His love,
Mrs. Cobb
