

Summer, 2021,

Welcome to the Trinity Christian School Second Grade Classroom,

I am looking forward to getting to know your child, and I pray that if you have not already signed up your child that you will do so. You will find support, encouragement, Godly foundation, and high academic standards at Trinity Christian School.

This year was interesting while using the state guidelines for the virus as we had “in-person” classes. The students enjoyed seeing and playing with their classmates. They did a great job and a lot was learned while being together and staying at a safe distance.

Trinity Lutheran Church is very supportive to Trinity Christian School and many members volunteer and encourage the teachers and students throughout the year. We also use the church every week for chapel and every day for lunch. Many volunteers are involved and come to special events.

I believe the best part of our day is our Bible time when we can have a heart to heart as a classroom family and learn more about our Lord and Savior. The children also love leading parts of Chapel every few weeks. They help with Chapel by greeting, lighting the candle, reading part of the Bible, and helping with offering.

We continue to work and reflect on our educational growth every year to do the best we can with God’s help for the students. We want to provide many different activities and hands-on work to help all of the students to grow.

I enjoy learning about what your child enjoys and what gets them excited about learning. I tend to change how I teach based on the specific class needs and interests.

This is going to be my 8th year at Trinity Christian School and my 5th year in 2nd grade. I previously taught 4th grade for 3 years.

To learn more about the Second Grade classroom at Trinity Christian School, please go to the school website, <https://tcskeene.com>. You will see pictures and newsletters from the 2020-2021 school year. I will be sending out emails at the beginning of August to set up one on one meetings with families. Feel free to bring in your child's school supplies the day that we meet. They will be able to look around the room, check out their lockers, and try out their desk. I look forward to getting to know your child and working with you this year.

Teaching is not a one-person job. I look forward to having a connection with you and learning more about your child. I will send our weekly newsletter via email. I will also email families about field trip information, spelling lists (a paper copy of the spelling list also gets sent home on Monday or first day of the school week), and any questions or information that comes up. Please let me know if you would like hard copies of anything.

I look forward to seeing you in August!

Have a blessed summer!

Mrs. Melanie Capron

2<sup>nd</sup> Grade Teacher
