

April 2022

Greetings Beloved 1st Grade Families,

Inventions, authors, surveys, and discovery- these are some of the learning experiences the first graders have been enjoying.

We surveyed kindergarten and second grade to ask what their favorite spring play activity is.

Watching first graders play together gives me the opportunity to see (and hear) their creativity, exuberance, and joy.

They are like a little family sharing, working together , communicating, and celebrating.

We have been acting out Bible stories in role play. The kids are quite expressive and enthusiastic to apply Bible concepts.

First grade has "published" two books that make us smile! 😊

Notes: Casual dress tomorrow - a reward for a successful fund- raiser.

Report card copies go home tomorrow. Keep the copies.

Parents can sign the original copy at their conference.

Thank you for responding to the conference sign up. It will be nice to get together to discuss each child's growth.

Calendar:

Friday, April 15th - No school, Good

Friday.Sunday, April 17th - Happy

Easter! He is risen! 🌹
